The Senate Committees on Military Affairs; on the Militia; and Naval Affairs; were established on Dec. 10, 1816. The Committee on the Militia was merged with the Committee on Military Affairs in 1858 to form the Military Affairs and Militia Committee. However, in 1872 the Committee dropped "militia" from its name. The Military Affairs and Naval Affairs Committees existed until 1947 when they were combined by the Legislative Reorganization of 1946 into a new standing committee, the current Armed Services Committee.

ARMED SERVICES COMMITTEE RULES OF PROCEDURE

(Adopted March 26, 1981)

1. *Regular Meeting Day and Time.* The regular meeting day of the committee shall be each Thursday at 10:00 a.m., unless the committee or the chairman directs otherwise.

2. *Additional Meetings.* The chairman may call such additional meetings as he deems necessary.

3. *Special Meetings.* Special meetings of the committee may be called by a majority of the members of the committee in accordance with paragraph 3 of Rule XXVI of the Standing Rules of the Senate.

4. *Open Meetings.* Each meeting of the committee, or any subcommittee thereof, including meetings to conduct hearings, shall be open to the public, except that a meeting or series of meetings by the committee or a subcommittee thereof on the same subject for a period of no more than fourteen (14) calendar days may be closed to the public on a motion made and seconded to go into closed session to discuss only whether the matters enumerated below in clauses (a) through (f) would require the meeting to be closed, followed immediately by a record vote in open session by a majority of the members of the committee or subcommittee when it is determined that the matters to be discussed or the testimony to be taken at such meeting or meetings—

(a) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(b) will relate solely to matters of committee staff personnel or internal staff management or procedure;

(c) will tend to charge an individual with a crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy or will represent a clearly unwarranted invasion of the privacy of an individual;

(d) will disclose the identity of any informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement;

(e) will disclose information relating to the trade secrets or financial or commercial information pertaining specifically to a given person if—

(1) an Act of Congress requires the information to be kept confidential by Government officers and employees; or

(2) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person; or

(f) may divulge matters required to be kept confidential under other provisions of law or Government regulations.

5. *Presiding Officer.* The chairman shall preside at all meetings and hearings of the committee except that in his absence the ranking majority member present at the meeting or hearing shall preside unless by majority vote the committee provides otherwise.

6. *Quorum.* (a) A majority of the members of the committee are required to be actually present to report a matter or measure from the committee.

(b) Except as provided in subsections (a) and (c), and other than for the conduct of hearings, six members of the committee shall constitute a quorum for the transaction of such business as may be considered by the committee.

(c) Three members of the committee, one of whom shall be a member of the minority party, shall constitute a quorum for the purpose of taking sworn testimony, unless otherwise ordered by a majority of the full committee.

(d) Proxy votes may not be considered for the purpose of establishing a quorum.

7. *Proxy Voting.* Proxy voting shall be allowed on all measures and matters before the committee. The vote by proxy of any member of the committee may be counted for the purpose of reporting any measure or matter to the Senate if the absent member casting such vote has been informed of the matter on which he is being recorded and has affirmatively requested that he be so recorded.

8. *Announcement of Votes.* The results of all rollcall votes taken in any meeting of the committee on any measure, or amendment thereto, shall be announced in the committee report, unless previously announced by the committee. The announcement shall include a tabulation of the votes cast in favor and votes cast in opposition to each such measure and amendment by each member of the committee who was present at such meeting. The chairman may hold open a rollcall vote on any measure or matter which is before the committee until no later than midnight of the day on which the committee votes on such measure or matter.

9. *Subpoenas.* Subpoenas for attendance of witnesses and for the production of memoranda, documents, records, and the like may be issued by the chairman or any other member designated by him, but only when authorized by a majority

of the members of the committee. The subpoena shall briefly state the matter to which the witness is expected to testify or the documents to be produced.

10. *Hearings.* (a) Public notice shall be given of the date, place, and subject matter of any hearing to be held by the committee, or any subcommittee thereof, at least 1 week in advance of such hearing, unless the committee or subcommittee determines that good cause exists for beginning such hearings at an earlier time.

(b) Hearings may be initiated only by the specified authorization of the committee or subcommittee.

(c) Hearings shall be held only in the District of Columbia unless specifically authorized to be held elsewhere by a majority vote of the committee or subcommittee conducting such hearings.

(d) Witnesses appearing before the committee shall file with the clerk of the committee a written statement of his proposed testimony at least 24 hours not including weekends or holidays prior to a hearing at which he is to appear unless the chairman and the ranking minority member determines that there is good cause for the failure of the witness to file such a statement.

(e) Confidential testimony taken or confidential material presented in a closed hearing of the committee or subcommittee or any report of the proceedings of such hearing shall not be made public in whole or in part or by way of summary unless authorized by a majority vote of the committee or subcommittee.

(f) Any witness summoned to give testimony or evidence at a public or closed hearing of the committee or subcommittee may be accompanied by counsel of his own choosing who shall be permitted at all times during such hearing to advise such witness of his legal rights.

(g) Witnesses providing unsworn testimony to the committee may be given a transcript of such testimony for the purpose of making minor grammatical corrections. Such witnesses will not, however, be permitted to alter the substance of their testimony. Any question involving such corrections shall be decided by the chairman.

11. *Nominations.* Unless otherwise ordered by the committee, nominations referred to the committee shall be held for at least seven (7) days before being voted on by the committee. Each member of the committee shall be furnished a copy of all nominations referred to the committee.

12. *Real Property Transactions.* Each member of the committee shall be furnished with a copy of the proposals of the Secretaries of the Army, Navy, and Air Force, submitted pursuant to 10 U.S.C. 2662 and with a copy of the proposals of the Director of the Federal Emergency Management Agency, submitted pursuant to 50 U.S.C. App. 2285, regarding the proposed acquisition or disposition of property of an estimated price or rental of more than $50,000. Any member of the committee objecting to or requesting information on a proposed acquisition or disposal shall communicate his objection or request to the chairman of the committee within thirty (30) days from the date of submission.

13. *Legislative Calendar.* (a) The clerk of the committee shall keep a printed calendar for the information of each committee member showing the bills introduced and referred to the committee and the status of such bills. Such calendar shall be revised from time to time to show pertinent changes in such bills, the current status thereof, and new bills introduced and referred to the committee. A copy of each new revision shall be furnished to each member of the committee.

(b) Unless otherwise ordered, measures referred to the committee shall be referred by the clerk of the committee to the appropriate department or agency of the Government for reports thereon.

14. Except as otherwise specified herein, the Standing Rules of the Senate shall govern the actions of the committee. Each subcommittee of the committee is part of the committee, and is therefore subject to the committee's rules so far as applicable.

15. *Powers and Duties of Subcommittees.* Each subcommittee is authorized to meet, hold hearings, receive evidence, and report to the full committee on all matters referred to it. Subcommittee chairmen shall set dates for hearings and meetings of their respective subcommittees after consultation with the chairman and other subcommittee chairmen with a view toward avoiding simultaneous scheduling of full committee and subcommittee meetings or hearings whenever possible.

PERTINENT EXTRACTS FROM THE LEGISLATIVE REORGANIZATION ACT AND THE STANDING RULES OF THE SENATE

Armed Services Committee jurisdiction

The Legislative Reorganization Act of 1946 (Public Law 601 of the Seventy-ninth Congress, approved August 2, 1946, amended by Public Law 91-510 approved Oct. 26, 1970) in Part I created the standing committees of the Senate and provided that the Committee on Armed Services should consist of 13 Senators; amended by S. Res. 18 of the 82d Congress (1953) to consist of 15 Senators; amended by S. Res. 24 of the 86th Congress (1959) to consist of 17 Senators; amended by S. Res. 11 of the 90th Congress (1967) to consist of 18 Senators; amended by P.L. 91-510 (1970) to consist of 15 Senators; amended by S. Res. 15, of the 92d Congress to consist of 16 Senators; amended by S. Res. 10 of the 93d Congress (1973) to consist of 15 Senators; amended by S. Res. 17 of the 94th Congress (1975) to consist of 16 Senators and further amended by S. Res. 4, and subsequently by S. Res. 82, 95th Congress (1977) to consist of 18 Senators, and that to said committee shall be referred all proposed legislation, messages, petitions, memorials and other matters relating to the following subjects: (Rule XXV(c) of the Standing Rules of the Senate.)

1. Aeronautical and space activities peculiar to or primarily associated with the development of weapons systems or military operations.
2. The common defense.
3. Department of Defense, the Department of the Army, the Department of the Navy, and the Department of the Air Force, generally.
4. Maintenance and operation of the Panama Canal, including administration, sanitation, and government of the Canal Zone.
5. Military research and development.
6. National security aspects of nuclear energy.
7. Naval petroleum reserves, except those in Alaska.
8. Pay, promotion, retirement, and other benefits and privileges of members of the Armed Forces, including overseas education of civilian and military dependents.
9. Selective service system.
10. Strategic and critical materials necessary for the common defense.

Committee procedure

SEC. 133. (a) Each standing committee of the Senate shall fix regular weekly, biweekly, or monthly meeting days for the transaction of business before the committee and additional meetings may be called by the chairman as he may deem necessary. If at least three members of any such committee desire that a special meeting of the committee be called by the chairman, those members may file in the offices of the committee their written request to the chairman for that special meeting. Immediately upon filing of the request, the clerk of the committee shall notify the chairman of the filing of the request. If, within three calendar days after the filing of the request, the chairman does not call the requested special meeting, to be held within seven calendar days after the filing of the request, a majority of the members of the committee may file in the offices of the committee their written notice that a special meeting of the committee will be held, specifying the date and hour of that special meeting. The committee shall meet on that date and hour. Immediately upon the filing of the notice, the clerk of the committee shall notify all members of the committee that such special meeting will be held and inform them of its date and hour. If the chairman of any such committee is not present at any regular, additional, or special meeting of the committee, the ranking member of the majority party on the committee who is present shall preside at that meeting.

(b) Meetings for the transaction of business of each standing committee of the Senate, other than for the conduct of hearings, shall be open to the public except during executive sessions for marking up bills or for voting or when the committee by majority vote orders an executive session. Each such committee shall keep a complete record of all committee action. Such record shall include a record of the votes on any question on which a record vote is demanded. The results of rollcall votes taken in any meeting of any such standing committee of the Senate upon any measure, or any amendments thereto, shall be announced in the committee report on that measure unless previously announced by the committee, and such announcement shall include a tabulation of the votes cast in favor of and the votes cast in opposition to each such measure and amendment by each member of the committee who was present at that meeting.

(c) It shall be the duty of the chairman of each standing committee of the Senate to report or cause to be reported promptly to the Senate any measure approved by his committee and to take or cause to be taken necessary steps to bring the matter to a vote. In any event, the report of any such committee upon a measure which has been approved by the

committee shall be filed within seven calendar days (exclusive of days on which the Senate is not in session) after the day on which there has been filed with the clerk of the committee a written and signed request of a majority of the committee for the reporting of that measure. Upon the filing of any such request, the clerk of the committee shall transmit immediately to the chairman of the committee notice of the filing of that request.

(d) No measure or recommendation shall be reported from any standing committee of the Senate (including the Committee on Appropriations) unless a majority of the committee were actually present. The vote of the committee to report a measure or matter shall require the concurrence of a majority of the members of the committee who are present. No vote of any member of any such committee to report a measure or matter may be cast by proxy if rules adopted by such committee forbid the casting of votes for that purpose by proxy; however, proxies shall not be voted for such purpose except when the absent committee member has been informed of the matter on which he is being recorded and has affirmatively requested that he be so recorded. Action by any such committee in reporting any measure or matter in accordance with the requirements of this subsection shall constitute the ratification of the committee of all action theretofore taken by the committee with respect to that measure or matter, including votes taken upon the measure or matter or any amendment thereto, and no point of order shall lie with respect to the measure or matter on the ground that such previous action with respect thereto by such committee was not taken in compliance with such requirements. Whenever any such committee by rollcall vote reports any measure or matter, the report of the committee upon such measure or matter shall include a tabulation of the votes cast in favor of and the votes cast in opposition to such measure or matter by each member of the committee. Nothing contained in this subsection shall abrogate the power of any committee of the Senate to adopt rules—

(1) providing for proxy voting on all matters other than the reporting of a measure or matter, or

(2) providing in accordance with the rules of the Senate for a lesser number as a quorum for any action other than the reporting of a measure or matter.

(e) If, at the time of approval of a measure or matter by any standing committee of the Senate, any member of the committee gives notice of intention to file supplemental, minority, or additional views, that member shall be entitled to not less than 3 calendar days in which to file such views, in writing, with the clerk of the committee. All such views so filed by one or more members of the committee shall be included within, and shall be a part of, the report filed by the committee with respect to that measure or matter. The report of the committee upon that measure or matter shall be printed in a single volume which—

(1) shall include all supplemental, minority, or additional views which have been submitted by the time of the filing of the report, and

(2) shall bear upon its cover a recital that supplemental, minority, or additional views are included as part of the report.

This subsection does not preclude—

(A) the immediate filing and printing of a committee report unless timely request for the opportunity to file supplemental, minority, or additional views has been made as provided by this subsection; or

(B) the filing by any such committee of any supplemental report upon any measure or matter which may be required for the correction of any technical error in a previous report made by that committee upon that measure or matter.

(f) A measure or matter reported by any standing committee of the Senate (including the Committee on Appropriations) shall not be considered in the Senate unless the report of that committee upon that measure or matter has been available to the Members of the Senate for at least 3 calendar days (excluding Saturdays, Sundays, and legal holidays) prior to the consideration of that measure or matter in the Senate. If hearings have been held on any such measure or matter so reported, the committee reporting the measure or matter shall make every reasonable effort to have such hearings printed and available for distribution to the Members of the Senate prior to the consideration of such measure or matter in the Senate. This subsection—

(1) may be waived by joint agreement of the majority leader and the minority leader of the Senate; and

(2) shall not apply to—

(A) any measure for the declaration of war, or the declaration of a national emergency, by the Congress, and

(B) any executive decision, determination, or action which would become, or continue to be effective unless disapproved or otherwise invalidated by one or both Houses of Congress.

Senate committee hearing procedure

SEC. 133A. (a) Each standing, select, or special committee of the Senate (except the Committee on Appropriations) shall make public announcement of the date, place, and subject matter of any hearing to be conducted by the committee on any measure or matter at least 1 week before the commencement of that hearing unless the committee determines that there is good cause to begin such hearing at an earlier date.

(b) Each hearing conducted by each standing, select, or special committee of the Senate (except the Committee on Appropriations) shall be open to the public except when the committee determines that the testimony to be taken at that hearing may relate to a matter of national security, may tend to reflect adversely on the character or reputation of the witness or any other individual, or may divulge matters deemed confidential under other provisions of law or Government regulation. Whenever any such hearing is open to the public, that hearing may be broadcast by radio or television, or both, under such rules as the committee may adopt.

(c) Each standing, select, or special committee of the Senate (except the Committee on Appropriations) shall require each witness who is to appear before the committee in any hearing to file with the clerk of the committee, at least 1 day before the date of the appearance of that witness, a written statement of his proposed testimony unless the committee chairman and the ranking minority member determine that there is good cause for the failure of the witness to file such a statement in compliance with this subsection. If so requested by any such committee, the staff of the committee shall prepare for the use of the members of the committee before each day of hearing before the committee a digest of the statements which have been so filed by witnesses who are to appear before the committee on that day.

(d) After the conclusion of each day of hearing, if so requested by any such committee, the staff shall prepare for the use of the members of the committee a summary of the testimony given before the committee on that day. After approval by the chairman and the ranking minority member of the committee, each such summary may be printed as a part of the committee hearings, if such hearings are ordered by the committee to be printed.

(e) Whenever any hearing is conducted by any such committee of the Senate (except the Committee on Appropriations) upon any measure or matter, the minority on the committee shall be entitled, upon request made by a majority of the minority members to the chairman before the completion of such hearing, to call witnesses selected by the minority to testify with respect to the measure or matter during at least one day of hearing thereon.

(f) Whenever any such committee of the Senate (except the Committee on Appropriations) has reported any measure, by action taken in conformity with the requirements of section 133(d) of this Act, no point of order shall lie with respect to that measure on the ground that hearings upon that measure by the committee were not conducted in accordance with the provisions of this section.

Senate committee rules

SEC. 133B. Each standing, select, or special committee of the Senate shall adopt rules (not inconsistent with the Standing Rules of the Senate or with those provisions of law having the force and effect of Standing Rules of the Senate) governing the procedure of such committee. The rules of each committee shall be published in the Congressional Record not later than March 1 of each year, except that if any such committee is established on or after February 1 of a year, the rules of that committee during the year of establishment shall be published in the Congressional Record not later than sixty days after such establishment. An amendment to the rules of any such committee shall be published in the Congressional Record not later than thirty days after the adoption of such amendment. If the Congressional Record is not published on the last day of any period during which the rules of any such committee, or an amendment to those rules, is required to be published in the Congressional Record by this section, such rules or amendment shall be published in the first daily edition of the Congressional Record published following such day.

Committee powers

SEC. 134. (a) Each standing committee of the Senate, including any subcommittee of any such committee, is authorized to hold such hearings, to sit and act at such times and places during the sessions, recesses, and adjourned periods of the Senate, to require by subpena or otherwise the attendance of such witnesses and the production of such correspondence, books, papers, and documents, to take such testimony and to make such expenditures (not in excess of $10,000 for each committee during any Congress) as it deems advisable. Each such committee may make investigations into any matter within its jurisdiction, may report such hearings as may be had by it, and may employ stenographic assistance at a cost not exceeding 25 cents per hundred words. The expenses of the committee shall be paid from the contingent fund of the Senate upon vouchers approved by the chairman.

(b) (Superseded by 2 U.S.C. 104a.)

(c) Except as otherwise provided in this subsection, no standing committee of the Senate shall sit, without special leave, while the Senate is in session. The prohibition contained in the preceding sentence shall not apply to the Committee on Appropriations of the Senate. Any other standing committee of the Senate may sit for any purpose while the Senate is in session if consent therefor has been obtained from the majority leader and the minority leader of the Senate. In the event of the absence of either of such leaders, the consent of the absent leader may be given by a Senator designated by such leader for that purpose. Notwithstanding the provisions of this subsection any standing committee of the Senate may sit without special leave for any purpose as authorized by paragraph 7 of rule XXV of the Standing Rules of the Senate.

Senate conference reports

SEC. 135. (a) In any case in which a disagreement to an amendment in the nature of a substitute has been referred to conferees, it shall be in order for the conferees to report a substitute on the same subject matter; but they may not include in the report matter not committed to them by either House. They may, however, include in their report in any such case matter which is a germane modification of subjects in disagreement.

(b) In any case in which the conferees violate subsection (a), the conference report shall be subject to a point of order.

(c) Each report made by a committee of conference to the Senate shall be printed as a report of the Senate. As so printed, such report shall be accompanied by an explanatory statement prepared jointly by the conferees on the part of the House and the conferees on the part of the Senate. Such statement shall be sufficiently detailed and explicit to inform the Senate as to the effect which the amendments or propositions contained in such report will have upon the measure to which those amendments or propositions relate.

(d) If time for debate in the consideration of any report of a committee of conference upon the floor of the Senate is limited, the time allotted for debate shall be equally divided between the majority party and the minority party.

Legislative review by standing committees of the Senate and House of Representatives

SEC. 136. (a) In order to assist the Congress in—

(1) its analysis, appraisal, and evaluation of the application, administration, and execution of the laws enacted by the Congress, and

(2) its formulation, consideration, and enactment of such modifications of or changes in those laws, and of such additional legislation, as may be necessary or appropriate,

each standing committee of the Senate and the House of Representatives shall review and study, on a continuing basis, the application, administration, and execution of those laws, or parts of laws, the subject matter of which is within the jurisdiction of that committee.

(b) In each odd-numbered year beginning on or after January 1, 1973, each standing committee of the Senate shall submit, not later than March 31, to the Senate, and each standing committee of the House shall submit, not later than January 2, to the House, a report on the activities of that committee under this section during the Congress ending at noon on January 3 of such year.

(c) The preceding provisions of this section do not apply to the Committee on Appropriations of the Senate and the Committees on Appropriations, House Administration, Rules, and Standards of Official Conduct of the House.
